Moleskine Paper Guide

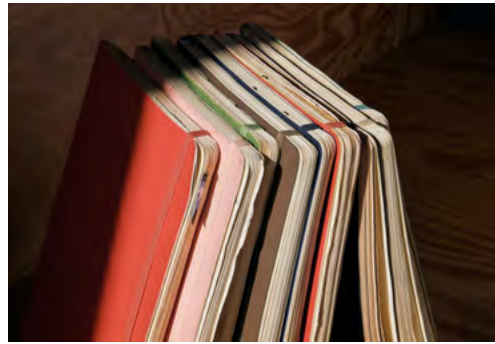

Moleskine World

The Legendary Notebook

The Moleskine notebook is the heir and successor to the legendary notebook used by artists and thinkers over the past two centuries: among them Vincent Van Gogh, Pablo Picasso, Ernest Hemingway and Bruce Chatwin.

Today, it is celebrated in pop culture as a contemporary icon, an inviting blank space where your own words and sketches join you to an ever-evolving relay of creativity.

A Creative History

In his book *The Songlines*, Chatwin tells the story of the little black notebook: in 1986, the manufacturer, a small family-owned company in the French city of Tours, went out of business. "Le vrai moleskine n'est plus" are the lapidary words he puts into the mouth of the owner of the stationery shop in Rue de l'Ancienne Comédie where he usually purchased his notebooks. Chatwin set about buying up all the notebooks that he could find before his departure for Australia, but they were still not enough.

In 1997, the company known today as Moleskine brought the legendary notebook back to life.

Our Manifesto

At Moleskine we believe in the timeless power of handwriting as an essential expression of human civilization, a powerful act to generate ideas and foster the development and sharing of literacy and knowledge. In a fast-paced technological era, we proudly celebrate the artistry of the human touch; the enduring pleasure of putting pen to paper to unlock creativity. We celebrate the solemn, thoughtful and meditative gesture of the pen gliding across a blank page; the romance of crafting a personal story to record a lifelong memory and leave a distinguishing mark in all its unique beauty. Handwriting is both universal and deeply personal. It's a thoughtful way to express your true self and connect to others in a very intimate yet universally accessible way.

myMoleskine Community

Moleskine Foundation

Moleskine Foundation is a non-profit organization that pursues a mission of "Creativity for Social Change." Its focus is to inspire, empower and connect young people to transform themselves and their communities. To pursue this mission, the Foundation operates in complete independence from the company. Moleskine covers the Foundation's operational costs, allowing 100% of resources to be used to create a unique and authentic model for social change.

Detour. The Moleskine Notebook Experience

Detour is a traveling exhibition curated by Moleskine featuring decorated notebooks by internationally recognized artists, architects, film directors, graphic designers, musicians, illustrators and writers. Visitors are invited to explore and discover each author's creative process as it unfolds on the blank pages of a Moleskine notebook.

In 2024, Detour arrived in Milan for Design Week. Over 100 unique works by artists from all over the world were on show at the Pinacoteca Ambrosiana and Alcovà, helping to raise awareness of creativity as a tool for social change.

Sustainable Creativity

Can Creativity Change the World?

Moleskine believes that creativity can change the world. Human creativity is the ultimate renewable resource that we can all draw on to move society towards sustainability.

Committed to driving positive change: Moleskine supports the Moleskine Foundation and its programs to promote access to creative skills development. Because access to creativity and quality education is key to producing positive change in society and driving our collective future.

Everyone can make a difference

Our ecommerce customers can choose to donate 1% of their order on moleskine.com to a nonprofit organisation of their choice – at no extra cost. These charitable organizations were selected in collaboration with the Moleskine Foundation, because of their commitment to sparking positive social change and inspiring young people in their communities. They work in the areas of human rights, education and climate justice, using creativity as a tool for social change. Each time they add an item to their cart, they can choose which organization to support, at no extra cost.

In 2025, thanks to this initiative, we received over 28,000 contributions supporting the organizations selected with the Moleskine Foundation.

A Moleskine never ends

"Every Moleskine notebook is a book yet to be written." Maria Sebgondi, Moleskine co-founder and president of Moleskine Foundation.

Moleskine notebooks are kept and treasured, not discarded after use. They are collected over time, our most precious stories imprinted on their ivory-colored pages.

That said, Moleskine circular economy strategy means unsellable items are recycled or repurposed. They are repurposed into creative tools donated to charitable organizations or recycled into new materials. In 2025, we donated about 38,100 products and diverted from disposal about 260 tons.

If you ever have to separate yourself from your beloved notebooks, be sure to remove the cover from the pages for recycling to continue this circular process.

Nurturing our Forests

Forests are a precious part of our planet and our lives. This is why Moleskine is fully committed to their responsible management by nurturing, restoring and protecting forests, their ecosystem and communities: Moleskine has been FSC™ certified since 2008 to support the mission of the Forest Stewardship Council™. Look for our FSC™ certified products.

Sustainable Creativity

Acting on Climate Change

Our emissions reduction targets have been validated by the Science Based Targets initiative (SBTi) as consistent with levels required to meet the goals of the Paris Climate Agreement.

We recognize the urgency of acting on climate change, and we believe that we all have a critical role to play in the transition to a low-carbon future by adopting more sustainable practices.

That's why we have set science-based targets to reduce our own emissions as well as emissions throughout our value chain. One of the keystones of the plan is to achieve a 42% carbon footprint reduction by 2030 in Scope 1 and 2.

Joining the SBTi is the latest chapter in our quest to bring about positive change and to drive our collective future.

Be your authentic self

At Moleskine, we believe in the fundamental value of inclusivity, always.

We support equality and diversity and encourage our community to use our collective intellectual and emotional curiosity to immerse ourselves in the wealth and beauty of diversity. We seek to enrich each other through our differences and ultimately change society through creativity.

These beliefs are expressed through actual actions. The Moleskine recruitment process welcomes different nationalities, languages, ethnicities, and educational backgrounds. What's more, 54% of top and middle management are women.

Care and Transparency for all People and Procedures

We care for everyone involved with Moleskine by guaranteeing transparency in all procedures. This applies both within the company and to external partners.

Our relationships with suppliers are based on trust, transparency, integrity and the guarantee of ethical behavior throughout the supply chain. Our Code of Ethics (est. 2012) is required of all third parties.

Moleskine and all our strategic suppliers are members of Sedex, one of the world's leading ethical trade organizations. 90,4% of these suppliers are compliant with the SA8000 International Social Responsibility Standard (or equivalent), and 98,5% are ISO14001 certified (or equivalent).

12 Months - Undated Planners/Diaries

All the practical and familiar features of a Moleskine weekly planner, minus the dates.

This undated weekly planner can be started at any point of the year. The month, week and date spaces are left blank for you to complete, allowing more flexibility and freedom than a dated planner. By filling in the dates yourself, you can skip any gaps and only use the pages you need. Undated means you can begin using this planner whenever suits you - there's no need to wait for the year to start. You can adapt it to the academic year or fit it around your personal or professional needs. The opening pages of this planner feature timetable pages and space for travel planning, ideas and goals. Weekly notebook layout: This layout dedicates a two-page spread to each week, with the days of the week on the left opposite a ruled page for notes, to-dos and reminders on the right. This flexible layout incorporates a notebook into your planner to give you the best of both worlds. Each month contains five

full and undated weeks.

Mauritshuis Collection

Inspiration is in the details.

When we meet the world face to face, it's the details that reveal the most. Encounter a masterpiece up close and it may surprise you – you might notice that the pearl earring doesn't actually touch the earlobe, for example. These are the subtle winks of great creators; a gift left for those who look closely. They remind us that behind every stroke lies intention and a brilliant mind at play. When we slow down, observe, and put pen to paper, those unexpected details awaken something in us too. A whisper of clarity. A nudge of inspiration. A moment where our own creativity feels suddenly, effortlessly within reach.

Sakura Collection 2027

Capture inspiration.

Discover a collection inspired by komorebi – the Japanese word for sunlight filtering through leaves: delicate, luminous and never the same. These notebooks and accessories trace the fleeting beauty of sunbeams through cherry blossom at different times of the day: from soft morning light to the brightness of afternoon and the warm glow of dusk. Inspiration, like komorebi, is made more beautiful by its fleeting and ever-changing nature. The 2027 Sakura Collection is an invitation to capture it on the page.

Year of the Goat Collection 2027

Create with intention.

The goat is a symbol of kindness, quiet determination and thoughtful creativity. Patience overrules impulse and self-expression becomes intentional. This collection marks Lunar New Year through two forms of craftsmanship celebrated in Asian culture: embroidery and cloisonné – both of which require the patience, perseverance and sensitivity that the Year of the Goat inspires. Your invitation to slow down and create with intention.

A whimsical journey to unleash your genius.

When life spins into chaos, handwriting becomes a compass—slowing the whirlwind and revealing what lies beneath the surface, helping you unlock and unleash your own genius. Inspired by Alice's Adventures in Wonderland, this collection explores optical illusions that mirror life's unpredictable twists and turns. Warped perspectives, shifting scales and paradoxical doorways reflect Alice's journey through a world where nothing is as it seems. Each design celebrates curiosity and transformation, turning moments of surprise into self-discovery and confusion into clarity, while inspiring the genius within.

Impressions of Impressionism Collection

Impressions of Impressionism.

Impressionist art is so famous and familiar that it's easy to lose sight of how truly revolutionary the Impressionists were. These artists fearlessly broke away from the descriptive realism of their time, instinctively using loose brush strokes to convey feeling and impressions.

This collection is inspired by their expressive, rule-breaking style. Waves of colour flow across each cover to evoke the essence of much-loved paintings – an impression of the Impressionists.

Sakura Limited Edition 2026

The Art of Capturing Fleeting Beauty.

Moments of genius are just that: moments. Inspiration seizes you suddenly, it is intense and moving. It comes to a climax, powerfully and ends, abruptly. Just like the blossoming of Sakura celebrated in Japanese culture. Pen and paper are the best way to capture inspiration and imprint it in the memory, making permanent what by nature is impermanent. This collection provides you with space to imprint fleeting ideas and inspiration and transform them into long-lasting projects, plans and stories.

Student Cahiers

Did you know that students who take handwritten notes in class learn quicker? Writing by hand involves paraphrasing which means your brain processes information on a deeper level than typing verbatim. Put pen to paper to find out for yourself with the Student Cahier by Moleskine. This lightweight academic journal has a flexible cardboard cover and inviting, ivory-coloured, hand-stitched pages. Half the pages are detachable so you can share or move notes around easily, while the back pocket allows you to store and collect any loose notes and inspiration.

You can add another layer to your class notes with the stickers in the back pocket. These include bookmark stickers to identify specific pages. A subject sticker with the Moleskine "In case of loss" notice means you can customise the cover

and differentiate all your Student Cahiers by subject or project.

The Student Cahier is your introduction to the world of Moleskine, a safe space to think, make mistakes, find focus and learn better.

Bags & Accessories

Containers for a mobile lifestyle.

A Moleskine bag speaks volumes

Moleskine objects are all portable platforms for self-expression – from blank pages that invite you to note down ideas, to bags and pouches that make space for the unique combination of things you carry every day. The belongings we never leave home without tell a story about who we are, just as much as the contents of our notebook and smartphone. Moleskine bags, cases and pouches all convey our personalities by containing the things that we need most often on the move.

Your identity on the move

There are now more than 50 million people living today who rely more on an email address than a fixed abode. These creative professionals and knowledge workers live in a global universe with no borders, where every change of location is a journey, both physical and emotional. In this mobile context, it is increasingly the things that come with us, the objects we carry, that define us. Keeping them safe becomes a basic human need, and the bag we choose for the job speaks volumes about who we are.

What is a Moleskine bag?

Inspired by the legendary notebook, Moleskine bags are smart and well-designed objects that adapt to your needs and unique contents.

- a Moleskine bag **is practical**
- a Moleskine bag **is light**
- a Moleskine bag **is simple**
- a Moleskine bag **is essential**
- a Moleskine bag **is discreet**
- a Moleskine bag **is safe**
- a Moleskine bag **is you**
